Prerequisite & GPA Verification Checklist
Traditional BSN

Use this form as a tool to accurately prepare your application for the Traditional BSN program. **THIS FORM IS NOT REQUIRED TO BE UPLOADED** but is highly recommended to help you track your preparation for a successful application.

RULES:
- All individual course grades must be a minimum of C/2.00 or better.
- Prerequisite GPA of all prerequisite courses, excluding Quantitative Experience (QE), must calculate to 3.00 or higher.
- If you do not have final grades in a prerequisite course at the time of filling out this form, simply leave that information blank. HOWEVER, to be eligible for application, you must be able to provide transcripts/grades for all courses indicated on the form by May 1, 2024.
- If you satisfied any prerequisite course with a test score (AP/IB/SAT/ACT/CLEP), please indicate this on the form by writing AP/IB/SAT/ACT/CLEP in the grade earned field.
- Pass/No Pass (P/N), Credit/No Credit (C/NC) and Satisfactory/Unsatisfactory (S/U) grades are not permitted.
- All courses must have grades from within the last 10 years. For the 2024 cohort, courses taken prior to June 2014 will not be accepted. ENG 1020, PSY 1010/1020, and QE requirements will not expire.
- Only one prerequisite course may be repeated within a 7-year period; original courses with a grade of C/2.00 or higher that were repeated for a better grade will not count as a repeat.
- Official transcripts and test scores must be submitted to WSU for verification. Directions on how to submit official transcripts are found at the end of this form.
- A single grade must be entered to calculate your GPA. If the course was a split course (example: one course for the lecture (3 credits)/one course for the lab (1 credit), for a total of 4 credits), please utilize this GPA calculator to create a single GPA-equivalent grade for the course.
- All grades must be entered in their equivalent GPA form. Please use the following chart to provide the GPA equivalent for letter grades:

A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C- or below	NOT ACCEPTABLE; course must be retaken

Calculate Your GPA

The credit value for each course is standardized for equity. If your class was more (or less) credits, it will still be calculated at the value indicated.

1) Calculate the honor points for EACH completed class:

$$\text{Honor Points} = \text{Grade } (0.00\text{-}4.00) \times \text{Credits}$$

2) Add all Honor Point values to create a single total:

$$(\text{BIO 1510/11 Honor Points}) + (\text{BIO 2870 Honor Points})$$

$$+ (\text{CHM 1020 Honor Points}) \dots\text{and so on}\dots$$

3) Add the total number of credits for all classes calculated in honor points:

$$\text{BIO 1510/11 (3)} + \text{BIO 2870 (5)} + \text{CHM 1020 (5)} \dots\text{and so on}\dots$$

4) Divide total honor points by total credits:

$$\text{Prerequisite GPA} = \text{Total Honor Points} / \text{Total Credits}$$
