INTERNAL RESEARCH AWARD PROGRESS REPORT**

Principal Investigator:

Project Title:

Dates of Award:

Award: Jacox Werley Siegert Fry-McComish

Version: Interim Final

Directions: Please respond to each of the following questions.

Briefly describe the overall research purpose as well as the underlying need for this research.

List the research project aims/objective(s):

Provide a description of your activities and accomplishments to date; be as clear and concise as possible. If appropriate, organize this section by the objectives you listed above, using separate paragraphs for each objective. Include samples collected, data analysis completed, any significant equipment purchases, etc. If no progress was achieved on a particular objective during this reporting period, state why and, if applicable, describe how you plan to address the objective in the future.

Provide a timeline and milestones for the entire project. Include project dates.

Describe any concerns you may have about your project's progress. Indicate if any obstacles or problems have arisen which have hindered, or may hinder, your progress towards accomplishing objectives within the specified timeline. Please summarize the problem, tell us how it is being addressed, and describe the impact of the problem on the scientific integrity and timeline of the project. If no problems were encountered during this reporting period, provide a clear statement to that effect. Accurate descriptions of project concerns, or lack thereof, will be taken into account when considering project extension requests.

List all scientific presentations related to this project, i.e. poster and oral presentations at scientific conferences or seminars (include a copy of all project related abstracts and names and dates of professional meeting). Be sure to include a copy of your abstract for the CON Annual Research Conference.

Interim Reports only: Describe what you expect to do during the next six months to move your project towards successful and timely completion.

Final Reports only:

Describe your plans and timeline for seeking external funding as a result of this internal award.

List all submitted, in press, or publication citations as a result of this internal award.

Share a brief statement of what this award has meant to you and your program of research.

At the time of your final report submission, please be sure that the OHR has a copy of final IRB approval and any amendments obtained during this project and also has a copy of your publications.

Thank you for sharing your outcomes of this internal research award.
